

Tuberculosis Screening is REQUIRED for all nursing majors.

Read Info Carefully.

**If positive history, see below.*

Any **one** of these options is acceptable:

Option 1

2-step PPD skin testing

*This means 2 separate skin plant dates and 2 separate test read dates.
These must be at least 7 days apart and not more than 21 days apart.*

For example:

• **Test 1:** Planted 6/1/18 Read 6/3/18

• **Test 2: Must be within 7-21 days later.**

Could be planted no sooner than
Planted 6/8/18 Read 6/10/18

Could be planted no later than
Planted 6/22/18 Read 6/24/18

*If outside the 7-21 day range, all results will be unacceptable.

Option 2

Blood draw for quantiferon gold testing. Results should be negative.

Option 3

Blood draw for Tspot. Results should be negative.

Providers may fill out result section OR submit testing/results separately:

2-STEP PPD TESTING

Date Planted _____ Date Read _____ Result _____

Date Planted _____ Date Read _____ Result _____

or
QFT

or
TSPOT

Date _____ Result _____ Date _____ Result _____

If you've previously had a positive result, please submit the following:

Test _____ Date _____ Result _____

Chest X-ray (must be within 5 years): Date _____ Result _____

or submit radiology report

Provider Signature _____ Date _____
